

Welcome.

We would like to welcome Emma Grose and Sophie Young to our Abbeywood tots team here at station road. Sophie is our new pre-school teacher and Emma is our deputy who will work alongside all age groups.

See below for what we have been up to this month.

Baby Floor.

April- The babies have been exploring their sense this month, they have done food tasting activities, explored lots of messy play and enjoyed going out and about to look at animals.

May- the Babies have been exploring transport, they have made marks with different types of transport toys. The babies have also enjoyed using the trikes and walkers out in the garden.

Tadpoles.

April- The tadpoles have been learning about physical development. The children have taken part in our forest school discovery, where they have been making leaf kebabs, clay faces and bare foot trail.

May- this month the tadpoles have been looking at nature, where we have created nature pictures using natural resources that we have found out and about. We've made leaf fossils, bird feeders, and create colleges with grass and different leaves.

Frogs.

April- The frogs shown a great interest in drawing. We spent time outside in the garden and at the allotment creating pictures of the objects that we saw. We have also been looking at numbers and letters to help prepare us for school.

May- the Frogs have been learning all about making relationships. The Frogs have been spending a lot of time learning about babies, where they even went up on to the baby floor or help Jean and Kirsty with simple care needs such as feeding the babies and helping to wash their hands and faces. The Frogs have also been practising for their sports day.

Forth Coming Events.

Parents and Carers week. 26th-28th June and 20th-24th November
