

Welcome.

We would like to welcome Ellis Lund to our Abbeywood Tots Team. Ellis will be working with our Pre-school group over the next coming months.

Please read below to see what we have been up to over the past couple of months.

Baby Floor.

February- The babies have enjoyed going out for walks and visiting our allotment. They have enjoyed exploring the sand pit and doing some digging. The babies have also enjoyed doing lots of messy play exploring their senses.

March – The babies have been doing lots of physical activities. They have been taking part in baby yoga, walker time, trikes in the garden, mark making and many more. One of our babies has taken their first steps.

Tadpoles.

February- Our tadpoles have also enjoyed trips to our local allotment where they have been learning about plants and how they develop into flowers or vegetables. The tadpoles have also been learning new skills, where they have been using their tripod grips to hold pencils and make marks.

March – The tadpoles have been learning all about Easter and have created their own Easter bonnet hats to wear. The tadpoles have also been experimenting with colours and using dye to look at the colour changes.

Frogs.

February- Throughout February the frog children have been learning all about their numbers and have made their own space rocket using numbers. The children have also been learning about space, all the children made their very own astronauts that they could fly into space!

March- The Frogs have been learning all about different cultures and have been looking into the music, clothes, foods and the different celebrations. The children have brought in their own things in to show everybody about their cultures.
