

## Abbeywood Tots Stockwood News Letter

### Frogs

The frogs have been focusing on numbers this week. Using them to count, measure and for mark making. The children measured themselves using handprint sizes and used open ended resources to add numbers together for counting. The children lined up shells and pebbles to count how many they can fit into their line.

### May day dance

The children all got involved in learning how to do a mayday dance. The children watched videos of the dances and copied them with scarves and ribbons.

### Yoga!

Thank you very much to one of our parents who ran a yoga class for our pre-school group. The children learned moves such as upward and downward dog and warrior pose! We found that the children found it much easier than the staff!

### Tadpoles

The tadpoles have been learning about growing through the new ducklings that have hatched this month! The children spent lots of time in the allotment with them and enjoyed having story time in the outdoors and learning about all of the different plants and birds that are in the outdoor environment.

### Butterflies

The butterflies have been emptying and filling using sand, cereals, oats and pasta. The children also practiced throwing and seeing where they can fit the balls into. The children have had a lovely surprise with some baby ducklings arriving. The children also learned to make Gruffalo crumble for our cook-a-book class.

## Forthcoming Events

### May

May day dance 2<sup>nd</sup> May

Children's yoga session 3<sup>rd</sup> May

Cook-a-book 4<sup>th</sup>, 11<sup>th</sup>, 18<sup>th</sup> and 25<sup>th</sup> May
