

## Abbeywood Tots (Filton) Newsletter – July 2017

### Preschool

We have been busy with two themes this month, Under the Sea and Being Healthy

This month in preschool we have been very busy learning about ways to be healthy. We have been exploring different foods and also seeing what happens to our bodies after we have exercised. We have been learning about the different organs in our bodies and what they all do and which foods keep different parts of our bodies healthy.

### Bees, Caterpillars and Butterflies

The babies have been busy exploring natural materials as part of their sensory theme. They have been painting with objects we found on our recent visit to the wild place.

### Tadpoles

Tadpoles have been learning about transport. We have been out for a walk to see the types of transport on the main road and recorded our findings using a chart. We have been matching up transport with our matching game and playing with lots of different transport we have at the nursery.

### Cooking club

This week before we went on our trip to our nursery allotment, we made sandwiches to take with us.

### Congratulations

To Karen and family on the birth of their beautiful baby boy, born 6<sup>th</sup> June at 5:34am weighing 9lb 5oz. Both mum and George are doing well and we are looking forward to them popping in for a visit soon.

## Forthcoming Events

5<sup>th</sup> July – Sports day

19th July – Preschool Graduation

24th July – 8th September – Summer holidays

19th September – Filton information evening

28th September – Cook a book class 1

5th October – Cook a book class 2

12th October – Cook a book class 3

19th October – Cook a book 4

### We have Chickens and Ducks

This month we hatched Chickens and Ducks and we were lucky enough to get two of each, the children have named the Chicks 'Pecky' and 'Tiger' and the Ducks 'Quack' and 'Sprinkle'

We are enjoying looking after and caring for them. Once they are bigger the chickens will go and live at our nursery allotment

### Forest discovery school

So this is the end of our amazing year of Forest discovery school we have had so much fun, learning to take risks, bug hunting, making dens, picnics in the woods, climbing logs, making fruit kebabs, leaf rubbing pictures, making stick people, making clay faces on the trees and so much more. Thank you to all our lovely parents and carers that have attended our Forest discovery schools over the last few months we hope you had fun too.
