

## Abbeywood Tots (King Street) Newsletter – June

### Pre School

This month, we have been focusing on the weather and changing seasons! The frogs have been sorting different clothing items into categories for cold and warm weather, exploring different hidden objects in ice and have been discussing how to safe in the sun! We also have been having lots of visits to Queens Square to take part in physical games and activities! The children loved completing their charity obstacle course to raise money for Penny Brohn! We have also been getting ready for graduation with regular dance practise, which all the children love to take part in.

### Caterpillars and Butterflies

This month the babies have been cooling off in the fountains at Millennium Square and have been making yummy fruit ice lollies.

The babies have also been learning new ways to move as well as learning new songs and actions! They are all settling so well and making lovely relationships with their key workers!

### Tadpoles

This month, the tadpoles have been focusing on life in the jungle. The children made their own animal masks, made binoculars to go on a 'jungle safari' and got messy making a jungle swamp! They have also learned all about life under the sea and finished their week with a visit to Bristol Aquarium. This has been a lovely example of the active learning that goes on at our nursery 😊.

### Getting Involved

We have lots of opportunities for our parents and carers to get involved with all of the lovely learning and play experiences, here at Abbeywood Tots on the City Centre.

**Cook a' book-** Here the practitioners choose a story topic such as 'The Gingerbread Man!' The children can design their own gingerbread and then make their own!

**Stay and play-** Parents are invited into the nursery to join in with their child's learning and play as well as to take part in practitioner led activities! Keep an eye on our notice boards for more information.

### Parent's Information Evening

Our nursery Information Evening will be held on Monday 23<sup>rd</sup> September 2017. We hope this will be another great and informative evening following the success of our last two.

There will be an opportunity to network with other parents and speak with the senior nursery team and senior management team.

You will also be able to look around the nursery to see all the learning activities that are available to the children throughout the day and can ask any questions that you may have!

We will confirm the time and topic nearer the date! We hope to see you there 😊
