

Abbeywood Tots Stockwood News Letter Sept 2017

We have enjoyed welcoming back term time only friends and welcoming our new children who have recently joined. We have spent time getting to know our new routines and friends.

Butterflies

The babies enjoyed a music focus week to help develop their communication and language skills.

They enjoyed filling containers with rice and pasta to make musical instruments and choosing songs to sing using visual song cards.

Next in October they will be focusing learning around 'The Very Hungry Caterpillar'. Some children have shown a posting interest, so they will be 'feeding' a caterpillar lots of healthy food.

Tadpoles

Tadpoles had a fun science week recently!

They explored what happened when mentos are put in coke, and enjoyed being scientists with their goggles and white coats.

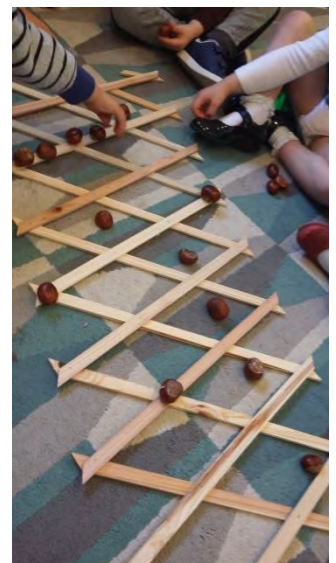

Next they will be learning the story 'We're Going on a Bear Hunt' including lots of sensory focused play.

Frogs Pre-School

The frogs have been learning 'all about me' to help them learn all about themselves and their new peers. We have also been focusing on 'loose parts' play which enables the children to think of their own ideas and be creative.

Next, the children will be learning how to look after their teeth. The dentist is also coming in!

Autumn 2017

Autumn is a great opportunity to explore our local natural environment.

You could go for an autumn walk with your children. Explore the woods around and see how the environment changes through the season. Please let us know how you get on and if you take any photos we would love to see them.

You can email them to gemma.curtis@abbeywoodtots.com

Forthcoming Events

October
