

Welcome

POLITE NOTICE. We ask that all parents and carers are being mindful of who they are letting into the nursery and ask even if you know the parents that they must wait to be buzzed in. This is so the staff can monitor who is coming in and out of the setting.

Baby Floor.

The babies have been doing lots of sensory activities, such as body painting, foam play, food exploration and food tasting activities. This has got the children to engage more during activities where sensory is a strong part of their development.

The babies have been also enjoyed being out in the garden, exploring the sand and play kitchen in their area. The babies have also enjoyed building towers and creating new friendships.

Tiddly Tadpoles.

The tiddly tadpoles have joined in with the tadpole's activities learning about space, insects and Chinese New Year.

The Tiddly Tadpoles have been creating a bug house for the insects to live in and using magnifying glasses to look for bugs in the garden.

The tadpole also enjoyed creating a giant rocket during space week, where we splattered paint onto the box to make it look like space.

Tadpoles.

Throughout February the tadpoles have been learning about Chinese New Year, insects, being safe and space.

The Tadpoles have enjoyed creating planets, alien masks, a giant rocket, and sensory moon dust during their space themed week.

The tadpoles also learnt about safety dressing up as firemen and doctors and discussing people that help us.

Pre-school.

Throughout this month the pre-school children have been learning about Pancake Day making pancakes and filling them with their chosen filling!

The preschool have also created a Chinese dragon to celebrate Chinese new year, where they have used chop sticks to eat noodles, created Chinese writing and even had a fortune cookie.

The Pre-school have also been experimenting with water and learning about 'Frozen.' How water becomes frozen and melts. Creating ice melt pictures and seeing how long it takes for a cube of ice to make.
